

# Live Free and Ride

## CHALLENGER X

**The Challenger X** is an innovative recreational electric scooter that is revolutionizing personal transportation indoors and outdoors. Designed for either seated or stand-up use, the J750 goes up to 20 miles on a single charge and has a top speed of 18 miles per hour. Three wheels provide greater stability and safety than regular two wheeled transporters.

The advanced powerful 750 Watt front wheel-motor provides a better overall performance, and has a climbing angle of 17 degrees. It has an excellent turning radius which allows the user to make a tight 360° turn. It plugs into any conventional 110-volt household outlet and has zero exhaust emissions.

# CHALLENGER

## CHALLENGER X RECREATIONAL SCOOTER TECHNICAL SPECIFICATIONS

Charging input voltage AC: 110V-220V  
 Charging output voltage DC: 48V  
 Maximum speed: 18 M/H  
 Travel Distance: 15-20 miles per charge  
 Climbing ability: 17°  
 Manual Hand Brakes: front and rear wheel  
 Type of motor: Brush-less motor  
 Motor power: 750W  
 Charging Time: 6-8 hours  
 Shroud Color: Red  
 Battery Size: 4x (12V -12AH)

Model: J750  
 Dimensions: 50"(L) x 32" (W) x 48"(H)  
 Wheel Base Width: 27" (can be loaded on any carrier with 28" width platform)  
 Ground clearance: 3"  
 Total Weight with battery and seat: 126 lbs.  
 Total Height with Tiller folded Down: 42"  
 Maximum load Capacity: 300 lbs.  
 Front wheel size: 16"  
 Rear wheels size: 14"  
 Voltage DC: 48V

## STANDARD FEATURES

- LED Headlight
- Plastic Front Basket
- Safety Helmet

## OPTIONAL FEATURES

- Rear View Mirrors
- Deluxe Seat with Folding Back
- Golf bag holder bracket
- Saddle bags
